Register for an ORCID iD

ORCID provides a persistent digital identifier that distinguishes you from every other researcher and, through integration in key research workflows such as manuscript and grant submission, supports automated linkages between you and your professional activities ensuring that your work is recognized.

As per ORCID's [terms and conditions](#), you may only register for an ORCID iD for yourself.

Dear Iuliia Klymenko,

Thank you for registering for an ORCID identifier. To complete your registration please verify your email address.

[Verify your email address](#)

Or copy and paste this link into your browser's address bar:
<https://orcid.org/verify-email/K3VJa1ovc0hROWpaVzdKWHh2NEZmVFRUMkZaR2tUbVQ?lang=en>

- Your ORCID iD is [0000-0002-6161-0836](https://orcid.org/0000-0002-6161-0836)
- The link to your public record is <http://orcid.org/0000-0002-6161-0836>

Next steps:

1. Add more information to your ORCID Record

Access your ORCID record at <https://orcid.org/my-orcid> and add additional information to your record. Funders, publishers, universities and others use the information contained in an ORCID Record to help decrease the record keeping they ask from you. Increase the amount of information you can share in this way by adding other names you are known by, professional information, funding items you have received and works you have created to your Record.

For tips on adding information to your ORCID record see: <http://support.orcid.org/knowledgebase/articles/460004>

2. Use your ORCID iD when publishing, applying for grants and more

Many systems ask for your ORCID iD to create a link between you and your research outputs. Continue to use your ORCID iD whenever it is asked for to get credit for your work and decrease future record keeping.

Adding Publications to this list

You can add publications by searching *Web of Science*TM, searching *Web of Science*TM Core Collection, using *EndNote*TM, or uploading a file. To add publications, click the **Add** link located in the menu on the left-hand side of your screen, or by clicking on the **Add Publications** above.

* Note: Access to *Web of Science* and *Web of Science Core Collection* are based on the entitlements of the computer where you are accessing ResearcherID.

Please remember to only add publications that you have authored to this list. This list will be used by *Web of Science Core Collection* to create a Distinct Author Set, which is a set of papers that will be associated with your name, and your ResearcherID number will be displayed on the *Web of Science Core Collection* record. This allows *Web of Science Core Collection* users who find one of your papers on this list to find all of the other papers on this list.
